Who is this for? **Class 4 and 5**

Dear Parents and Carers,

There are some changes in the way in which we are grouping for mathematics in your child's class. My apologies we weren't able to share these with you at the beginning of the year in Parent Conferences but we were still finalising some details relating to timetables.

For the coming term, until Easter there will be two groups operating in Year 4 and Year 5.

In year 5 children will be taught in the same classroom for mathematics but in different groups. Ms Laney will be taking the majority of the children in Class 5. Ms Frain will be taking a smaller group. We hope that this carefully targeted teaching will enable the children to make exceptional progress.

In year 4 we are increasing the amount of teaching support for mathematics. From today, Ms Khan and Ms Laney will be jointly taking a group who will be learning outside of the classroom in the flat most days. Ms Parry will be taking the other group of children in the classroom. Again, we hope these groups will enable children to learn the curriculum content efficiently.

Do have a chat to your child about their teaching team in mathematics. If you have any further questions, don't hesitate to contact your child's class teacher or a member of the leadership team who will be happy to help.

Yours sincerely,

A handwritten signature in blue ink, appearing to be 'T Wilson', written over a horizontal line.

Mr T Wilson
