

Sir John Cass's Foundation
Primary School
Headteacher: Miss A Allan

Thursday 20th September 2018

Who is this letter for? Year 5 and 6 girls

Dear Parents and Carers,

I would like to make you aware of an exciting opportunity that we have been offered at our school. The City of London School for Girls have been given some funding for equipment to run a robotics club here at our school. The aim of the club is to develop girls interest in engineering and STEM.

The emphasis on encouraging and inspiring children's and particularly girl's interests in STEM (science, technology, engineering and mathematics) is growing nationally and we have a fantastic opportunity here to give our girls a taster of the area beyond what is offered in lessons. If you would like to find out more about robotics, you might wish to visit the Vex website: <https://www.vexrobotics.com/>

The club will take place on a Monday after school, finishing at 4:45. We are offering a taster session on Monday 24th September, after which children will be able to decide if they wish to join the club.

We look forward to seeing many of our girls at the taster session.

Regards

Miss Allan
