

## Times Tables Rock Stars – Log in Details

Dear Parents/Carers,

We hope your child had a great day as a 'Times Tables Rock Star' and you can now get started on the game at home.

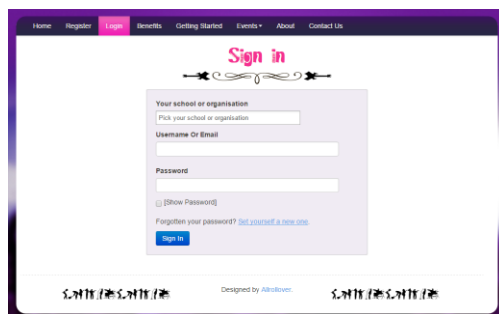

As your child practices and improves, with the dream of becoming a 'Times Table Rock Star', they will develop to answer any multiplication fact up to  $12 \times 12$  in less than 3 seconds!

The game provides the same activity every night but the times tables change and are set by your child's teacher to meet the curriculum expectation of their age group.

The programme is **free** and children can use their **existing 'Mathletics' log in and password** to access the programme.

## Logging in to

1. Type [trockstars.com](http://trockstars.com) into your browser's address bar.
2. Type in your details:
  - a. Sir John Cass's Foundation Primary School, London
  - b. Your child's Mathletics Username
  - c. Your child's Mathletics Password.

Your child has access to any of the four separate game player areas, two are single player (**Garage** – set by your teacher or **Studio** – timed test) and two are multiplayer (**Arena** – playing against children from our school or **Festival** – playing against children from around the world). As they improve, your child is able to earn virtual coins to buy new clothes, instruments etc. for their Rock Star avatar.

**Your child's first task is to set a 'Rock Star' speed. They can do this by playing 10 games in the 'Studio' area.** Once this is done, feel free to explore all the player areas and play as many games as you like!

In the meantime, if you have any questions please feel free to contact me.

Miss Frain (Class 5 Teacher and Leader of Learning for Mathematics)

Keep Calm and Rock On!
