

# Summer Home Learning Planning

Date: 10/08/20

Focus: The Animal Boogie

Staff Name: Nosheen & Cristal

## Targets

Personal Social and Emotional: Interested in others' play and starting to join in.

Physical Development: Holds pen or crayon using whole hand (palmar) grasp and makes random marks with different strokes.

Communication and Language: Moves whole bodies to sounds they enjoy, such as music or a regular beat.

## Home learning activities

### Activity 1: Making Animal masks

This activity is a great way to develop your child's imagination skills as they pretend to be their favourite animal from the animal boogie song. To make the animal mask you will need paper plate, scissors, and to decorate the animal masks your child could use crayons, colouring pencil and paint. Join Nosheen as she makes a snake and decorates it with paint. We would love to see what animal your child chooses to make please do send in pictures to Nosheen and Cristal. Can your child put on their animal masks and make the sound of the animal that they choose to do and move their body as the animal.

Here is the Video of Nosheen showing you how to make a snake

### Activity 2: What animal is hiding under the blanket? Who could it be?

Come and join in with Cristal as she plays hide and seek with different animals from the jungle. Sing along to the song "What animal is hiding under the blanket" Can your child guess who is under the blanket as Cristal describes what animal is hiding under there.

### Activity 3: Music and Movement The Animal Boogie song and actions

Come along to the adventure to the jungle with Nosheen and Cristal and explore what animal is hiding in the jungle. Can your baby or toddler stamp their feet like an elephant, flap their arms like a bird and move their whole body side to side?
